UniSpend Anhydrous®

Your resource in case of no known stability

UniSpend Anhydrous® is an elegant, easy-to-use, plant-based, oral suspension vehicle. This product utilizes preservative-free and oxidation resistant triglycerides. UniSpend Anhydrous® comes in flavors of sweetened, unsweetened, and fish. UniSpend Anhydrous® Sweetened is naturally sweetened and fortified with a bitterness masking agent for optimal palatability. UniSpend Anhydrous® Unsweetened contains no dyes and has virtually no taste. UniSpend Anhydrous® TripleFish is designed for feline and other animal use.

Benefits

- Anhydrous for water unstable actives
- Extended beyond-use dating: 90 day stability per USP <795>
- Preservative, allergen, dye and BHT Free (No corn, soy, dairy, nuts, gluten, or eggs)
- Sweetened and unsweetened versions for dosing flexibility when taste-masking matters most
- Easily flavored using water-soluble and oil-miscible flavors

Example compounding formulations in UniSpend Anhydrous®

Phytonadione 1 mg/mL	Doxycycline 50 mg/mL
Calcitriol 10 nanogram/0.1 mL	Methimazole 5 mg/mL
Ubidecarenone 50 mg/mL	Progesterone 20 mg/0.2 mL

Sweetened

NDC No.	Size
51552-1544-05	500 mL
51552-1544-07	4 L

Unsweetened

NDC No.	Size
51552-1545-05	500 mL
51552-1545-07	4 L

TripleFish

NDC No.	Size
51552-1575-05	500 mL

UniSpend Anhydrous® Vs. Traditional Formula

Smooth, non greasy	Oily
Flavorless	Faint almond flavor
Emulsification system (less settling)	Silica gel (settling)
Bitterness masking	Only unsweetened
Extremely resistant to oxidation	Prone to oxidation
