INTEGRATIVE PEDIATRIC COMPOUNDING

Integrative Pediatric Compounding is a 15 hour practice-based course.

INTEGRATIVE PEDIATRIC COMPOUNDING is a 15 hour practice-based course designed for pharmacists, technicians, marketers, and students interested in expanding their compounding knowledge with new and innovative pediatric compounds. Course topics will include calculations, flavorings, pharmacology, and delivery systems specific to the context of the pediatric patient. Physicians and other healthcare professionals are welcome to attend.
